FEATURES

Brighten up your RV or trailer interior with the AP Products 016-BL3000 Dome Light. Featuring a sleek white frame and a clear lens, this low-profile light delivers clean, even illumination wherever you need it. The built-in on/off switch adds convenience, giving you easy control without needing separate wiring or wall switches.

Ideal for ceilings, storage areas, closets, or utility spaces, this dome light is designed for 12V systems and offers reliable, energy-efficient lighting in a compact, easy-to-install form.
